## EPISCOPAL STATE COUNCIL ELECTS OFFICERS TODAY

The Rev. D. C. Wright Preaches Sermon and Bishop Delivers Address.

Sunday School Proves Important Topic.

### AUTOMOBILE RIDE ENJOYED.

Louisville, Ky., May 26. (Special.)—J. J. Saunders, Louisville, was elected secretary of the Episcopal council and the Rev. Irvine Goddard, of Owensboro, assistant secretary today.

J. W. E. Hays, chairman of the finance committee, made a report for the year, showing that all churches had paid their assessments in full and the debts of the diocese are paid.

The Rev. E. L. McCready of Louisville, and the Rev. D. C. Wright, of Paducah, were elected ministerial delegates to the general assembly of the church at Cincinnati.

The session. The eighty-second annual council of the Episcopal church in the Diocese of Kentucky began its second session at St. Mark's church, Crescent Hill, with Bishop Charles E. Woodcock presiding.

Following the celebration of Holy Communion, by Bishop Woodcock, assisted by the Rev. Charles H. Mock, of Paducah, the Rev. G. C. Abbott, of Louisville, and the Rev. William H. Plummer, of Louisville, the annual sermon to the council was delivered by the Rev. D. C. Wright, of Grace church, Paducah. The council then organized for the business session and Bishop Woodcock delivered his annual address.

After the business session the members of the council and the lay delegates were taken for an auto trip around the city, visiting the park, St. Luke's church, the Bishop Dudley Memorial at Anchorage, St. Thomas' chapel at Lyndon, Ky., and the tomb of Zachary Taylor.

At the opening session, the Rev. J. B. Munnigrode presided, as Bishop Woodcock was absent from the city, having been called to Louisville, Ky., to attend the funeral of the Rev. C. P. Roeder, who was a rector of the diocese.

Diocesan Registering. The diocese of Kentucky comprises the western half of the state, and in this diocese there are about 38 parishes. The rector and three lay delegates are allowed each parish for representation in the council, and the registration of delegates began this morning.

The Sunday school, in all its phases and especially in regard to the establishment of a regular curriculum was discussed at the opening session of the council last night.

(Continued on Page Six.)

H. and S. M. Meeting. Paducah council, No. 32, of the Royal and Select Masters of the Masons will initiate a large class of candidates May 30. The initiation will be held in the Fraternity building, and will begin at 8 o'clock. A large attendance is expected, as the exercises will be held on Decoration day. Some of the members of the class are Masons of other lodges.

Girl Taken to Reform School. County Trust Officer J. W. Barkley left early this morning with three children, 15 years old, who was sentenced to three years in the reform school. The complaining witness was her brother, who told County Judge Barkley that his sister would not stay at her home in Hickory Grove, which is south of Middlesburg. She was kept under guard yesterday afternoon and sent to jail.

### CAUSED BIG SURPRISE.

When Reported Ecuador and Peru Would Arbitrate.

Guayaquil, Ecuador, May 26.—Surprise was caused by the publication today of a despatch from Louis Felipe Carbo, Ecuadorian minister at Washington, in which he congratulated the country on the peaceful solution of the trouble with Peru. The public has understood that the attitude of Ecuador has remained unchanged. If the government has agreed to submit the matter to the joint arbitration of the United States, Brazil and Argentina, the fact is not generally known here.

Preparations continue on both sides of the border. General Franco leaves to assume command of the Ecuadorian forces on the frontier and the Red Cross Ambulance corps is under orders to proceed tonight to Mchala.

## Witness Against Night Riders is Shot and Probably Killed by Some Unknown Assassin in Caldwell Co.

Prominent Henderson Woman Kills Her Husband and Tries to Kill Negro Woman With Her Revolver.

Princeton, Ky., May 26.—(Special.)—Lincoln Oliver, a farmer of the Lemasco section of Caldwell county, was shot and seriously wounded in the hip last night by an unknown person while he was standing in his back yard. He may die. He was the leader in the Dark Tobacco association and was connected with the farmer's suits at Paducah, but was a witness against the night riders in the Hopkinsville and Crittenden county trials.

Wife Shoots Husband and Negroess. Henderson, Ky., May 26.—(Special.)—B. W. Eblen, a prominent every man, was shot and killed by his wife at their home this morning. His wife then turned the weapon upon a negro woman, Mattie White. Two shots were fired at the negro by Mrs. Eblen, who also used the revolver as a club. The negro woman was carried to the city hospital, where she cannot live. The Eblen woman gave herself up, announcing that she had shot her husband and it was a case where one of them had to die. Supposed jealousy is at the bottom of the trouble.

Manchester Grove Meeting. The Manchester grove of the Woodmen of the World will meet tomorrow afternoon at 2 o'clock at the Three Links building. All of the members who will take part in the "Milk Maids Convention" or any who will take part, are urged to be present. The May report will be forwarded June 5.

SUSPEND "GOLD RULE" CHIEF. Noted Cleveland Official Accused of Misconduct and Immorality.

Cleveland, Ohio, May 26.—Pending an investigation of charges against him, Chief of Police Frederick Kohler, who has a national reputation as the "golden rule chief," was suspended by Mayor Becker late today.

"THIRD DEGREE" SCANDAL SAVES SEYLER'S LIFE

Atlantic City, N. J., May 26.—The entire record of the trial of William Seyler, acquitted of the charge of the murder of Jane Adams, at Million Dollar pier, is expected to be called for by a special committee of the United States senate now investigating the "third degree" police methods. Seyler's statement that he was given drugged cigarettes and threatened with personal violence, that he was not permitted to eat or sleep, aroused intense feeling against the police. There is a demand that city authorities take up the matter. Feeling against Seyler has disappeared.

## Excursionists From Southern Illinois

Over 1,000 excursionists from southern Illinois arrived here at 1 o'clock this afternoon on the steamer Dick Fowler and Ohio. There are between 750 and 800 Sunday school pupils from Salem, Ill., and other points, who gave the excursion. The trip was made to Joplin, Ill., over the S. & E. I. railroad and connection was made there with the Fowler and Ohio, which were chartered for the occasion.

The excursionists were transferred at First street and Broadway to five of the larger size cars of the Paducah Traction company and whirled for a two mile ride to Wallace park, where they will spend the afternoon picnicking. Lunch baskets were brought along by the Sunday school children. Many others who came on the trip are at League park watching the opening game of the K. I. T. league between Paducah and Hopkinsville.

### THE WEATHER

The predictions and temperatures for the past twenty-four hours will be found at the top of the seventh column on page four.

CURTIS DELAYED. Albany, May 26.—Because his machine was not wholly assembled and bad weather, Glenn Curtis found it impossible to start this morning on his trip to New York in his aeroplane to win the New York World's \$10,000 prize.

## PATTEN'S WORD IS DOUBTED IN PIT

SAVS HE INTENDS TO RETIRE FOR KEEPS ON THE FIRST OF JULY.

Chicago, May 26.—"Yes, it is true I'm going to retire from business July 1," said James A. Patten, the grain and cotton king, to the United Press today. "July 1 I will be square with the world. I'm going to quit for good and take a rest during the summer. I probably will go to Europe with my brother George in the fall." It is announced a new million dollar corporation will succeed the Patten firm. Despite Patten's statement, opponents in the grain pit are somewhat skeptical because of previous announcements of his retirement followed by Patten coups.

### Queen Mary's Birthday.

London, May 26.—England partially forgot its mourning for Edward today, by celebrating the 43d birthday anniversary of Queen Mary. The celebration is lacking in the gala features usually mark the birthday of England's queen. An artillery salute officially announced the event to the city.

### School Enumerators

In Paducah and McCracken counties there is a total of 10,069 school children, according to the census report which was made to the superintendent of public instruction by Prof. L. W. Pezzer, county school superintendent. Of the number 7,895 are white children and 2,244 are colored. The report shows a slight increase over the figures of last year. The total number of children in the city is 5,175, while the total number of children reported in the county is 3,890.

## PRESIDENT TAFT WILL MAKE THREE ADDRESSES

Washington, May 26.—It was arranged today that President Taft is to speak at Ada, Ohio, Detroit, June 3, and Monroe, Mich., June 4. At Monroe he will unveil a statue of General Custer. He will deliver the commencement address at the Ohio Northern university at Ada. He will return to Washington June 5.

## Excursionists From Southern Illinois

The Fowler left at 8 o'clock this morning to meet the excursion, while the Ohio left at 11 o'clock and accompanied the Fowler back. The Ohio returned to Golconda and the George Cowling will carry the Ohio's passengers back to Joplin. The boats will leave for Joplin this evening and when the Fowler returns she will run a moonlight excursion tonight out of Paducah.

### ICE WAGON OVERTURNS BUT DRIVER MAKES ESCAPE.

A narrow escape from serious injury was experienced at 10:30 o'clock this morning by Jess Alms, driver of S. A. Fowler's Supply company's delivery wagon, when it overturned with two tons of ice at the north stage of the wharfbort. Alms was thrown over on the stage, but fortunately, the wagon remained on its side and he was able to scramble out unhurt, except for a few bruises. The ice was being taken down the levee for steamboats when the front wheel struck the stage plank suddenly overturning, and cracking the shafts. The mule drawing the wagon was thrown down but not injured. Ice was scattered over the levee in all directions.

## GUGGENHEIM TOOK CARE OF EMPLOYEES CAUGHT AT CRIME

Charge That They Spent Fortune Protecting Them From Prison.

Alaskan Scandal Before Senate Committee.

### OFFICIAL LOVS POSITIONS.

Washington, May 26.—Sensational allegations of political and civic corruption, including charges that the Guggenheim syndicate caused the removal of two federal officers in Alaska, seeking to prosecute the syndicate officials, it is known today resulted from the demand of a secret investigation of the subcommittee of the senate judiciary committee, be made public.

The subcommittee met today and considered the advisability of opening the doors. Senators Nelson, of Minnesota; Borah, of Idaho, and Overman, of North Carolina, are investigating. Charges are made to the committee that the Guggenheims spent \$70,000 to keep its employees from prisons. Itemized vouchers, showing an expenditure of \$1,800 in an effort to influence the court, was presented to the investigators. It is alleged the United States District Attorney Boyce Marshall and D. A. Sutherland were dismissed because they began working to secure indictments of men higher up after convicting a Guggenheim employee.

The battle of "Keystone Canyon" near Valdez in 1907 it is alleged started the trouble. The Guggenheims constructed a railroad grade in the canyon and abandoned it. The men of Valdez organized a company and announced that they intended using the grade. Guggenheim sent a force led by Edward Hasey clothed with power of a United States deputy marshal. When the Valdez men appeared they opened fire. Two were killed. Hasey was tried at Juneau on the charge of murder and acquitted. He was charged later with assault, convicted and sentenced to 18 months.

Sutherland submitted to the committee a letter written by the counsel for Guggenheim's agent at Seattle and it presented a file of bills, amounting to \$1,800 paid to witnesses in the first Hasey trial. The bills were paid by Guggenheim's agent at Seattle. The Guggenheim agents filed charges against Boyce Sutherland, charging that he procured indictments against the Guggenheims men for malicious reasons. Governor Clark recommended the dismissal of Hasey Sutherland and it was adopted. Two men in the field protested and nominations of their successors were held up pending investigation.

The report that the effort of Hasey Sutherland to get evidence to convict a man alleged to have tampered with jurors and witnesses, and one or two others involved was the cause of the movement that led to his dismissal.

## CARTEE FILES SUIT FOR ALMSHOUSE EMOLUMENTS

Suit was filed today in the McCracken circuit court by T. N. Cartee against W. A. Thompson to recover the emoluments of the office of county alms-house keeper. Mr. Cartee alleges that he was elected keeper of the alms-house on April 3 by the fiscal court, but that Thompson refused to turn the poor farm over to him. He declares Thompson is a usurper and is not entitled to any money for his services as keeper since April 3.

## FRENCH SUBMARINE AND CREW GO TO BOTTOM

London, May 26.—A French submarine sunk today in the English channel in collision with the Calais-Dover packet boat. All the crew on the submarine were drowned. The catastrophe was due to carelessness of the submarine command or attempting to pass under the packet. He miscalculated the depth required for his feat and the submarine struck the steamer, nearly cutting it in two.

The submarine was the Pluviose. It was maneuvering half submerged. It was reported 20 men were aboard. The packet was the Pacific Calais. The weather was clear and there was no apparent reason for the collision. British and French torpedo boats rushed to the scene. The packet was not badly damaged.

## Kitty League Season Opens Under Bright Skies in Paducah and Old Vincennes Late This Afternoon

Score by Innings of Games Will be Bulletinied by The Evening Sun For Benefit of Fans Down Town.

Ball fans may learn the score of the Kitty league games by innings at the office of The Evening Sun, where the results will be bulletinied. The Paducah Home Telephone company installed a telephone in the grand stand for the use of its patrons, and the patrons of the company may receive the score of the local game by innings by calling for the chief operator.

Under a clear sky this afternoon the 1910 season of the K. I. T. baseball league was opened at League park when the Indians crossed bats with the Night Riders from Hopkinsville. At the break of day it threatened rain, but early in the morning the sun chased away the clouds and also the gloom from hundreds of fans' hearts. A large crowd was present this afternoon at the park to witness the opening game, and the enthusiasm was as great as in the games of the Kitty league of old.

About 50 baseball fans from Benton and Murray, on the Nashville, Chattanooga & St. Louis railroad, arrived at noon to root for the Paducah team. The regular train carried extra coaches to accommodate the fans who journeyed to Paducah to see the opening game.

The opening game started with the parade this afternoon from First street west on Broadway, to Ninth street. Deal's band led the procession while the city and county officials and the directors of the local club followed in automobiles. On foot the Hopkinsville and Paducah players drilled to Ninth street, and went to the ball park on the street car.

The game starts. The Hopkinsville players arrived in Paducah this morning at 9 o'clock. There are 15 players in the squad, which is a husky looking bunch. The players are all young, and are said to be fast ball tossers. In the old Kitty Hopkinsville had a strong team, and the players always seemed to have a hoodoo over the Indians. This time the Indians will try and dispel any evil omens.

Umpire Charles A. Piepho arrived this morning from Louisville and will officiate this afternoon. The batting order of the teams will be: PADUCAH. Angelmer, lf. ss, H. Williams. Payne, cf. lf, Brady. Cox, 1b. 2b, Brown. Tidwell, 2b. c, F. Williams. Robertson, ss. rf, Greer. Hart or Carroll, rf. 3b, Crimmins. Gulkin, Harris. Denmarre, Whitman or Yon or Crane, p.

When the practice was called the players were greeted with applause. Shortly after 3:30 o'clock time was called and the rejuvenated Kitty league came to life again.

In the absence of Major James Smith, whose brother died last night, County Judge A. W. Barkley was selected this afternoon to toss the first ball over the home pan.

Two neat surprises were pulled off by the Elk fans, who were present in a bunch to root for Paducah. In the first inning as Manager Cooper walked up to the home plate County Judge Alben W. Barkley presented him with a handsome traveling bag and a bouquet of flowers as a testimonial from the westerners of the purpose and white. The second surprise came to Rupert Robertson, the local player who made good as shortstop, when he walked to bat. A large bouquet of pink and white roses and carnations touched up with fern leaves was presented to him. Robertson is an Elk and for two seasons.

### He Slept Soundly.

A man who gave his name as H. N. Robbins found his way to the police station last night and confessed that while he lay asleep near a tobacco warehouse he was robbed of his derby hat, his shoes and \$35 in money. He slept so soundly that the loss was not discovered until the thief had entirely vanished. There is no clew.

## COMMENCEMENT AT ST. MARY'S ACADEMY WILL BE JUNE 21

Best Attended and Most Successful Session of Parochial School.

Beautiful Statue of Italian Marble Blessed.

### NOW ADORNS ACADEMY WALL.

Commencement exercises of St. Mary's academy will be held June 21 at the Kentucky theater. This year there are four graduates: Miss Carrie E. Beyer, Miss Ruth M. LaMoore, Miss Kate C. Mulvin and L. Edward Hoffman. The exercises will be held in the afternoon and will mark the close of the fifty-second anniversary of the school.

For the commencement a musical and literary program is being arranged and the students of the school as well as the four graduates will participate. All the graduates are popular young people of Paducah. The school has had an unusually prosperous school session this year and the attendance is the largest in the history of the school. The musical department of the school is especially strong.

### Handsome Copy of Statue.

A handsome copy of the statue of "Lady of Grace" was placed in position yesterday afternoon in a niche above the entrance of the St. Mary's Academy on North Fifth street. The statue is a gift of Mrs. J. J. Caffrey, of Louisville, as an expression of her regard for the school. It is an attractive work of the sculptor's art, and is chipped from Carrara marble of the purest white. It was made in Italy, and is a gift much appreciated by the sisters and pupils of the school.

A splendid view of the statue is afforded from the niche as it is four feet and six inches high. No public dedicatory exercises were held when it was raised into position, although it was blessed by the Rev. Father H. A. Connelley.

## COUNTY OFFICIALS GIVE AWAY BLUSHING BRIDE.

All the county officials are certainly staunch agents of Dan Cupid, and never hesitate to render any aid to assist couples in matrimonial difficulties. This morning Miss Dessie Cheatham, 18 years old, and William Bogeman, 20 years old, a couple from Illinois, appeared at the court house and wanted a marriage license. As they both were minors the license could not be granted without parental consent. The next way around the difficulty was for both prospective bride and bridegroom to have a guardian appointed. Charles B. Whittemore, deputy county jailer, readily qualified as guardian for both while Charles Clark, deputy sheriff, was accepted as bondsman for the guardian. Mr. Whittemore gave his consent for Miss Cheatham and Mr. Bogeman to marry, and in a few minutes Herman A. Katterjohn, deputy county court clerk, had the license issued. County Judge Alben W. Barkley appeared on the scene and the wedding ceremony was performed, and the newly weds were recipients of congratulations.

## ROOSEVELT RECEIVES A DEGREE FROM CAMBRIDGE

Cambridge, England, May 26.—Cambridge university today conferred an honorary degree upon Roosevelt. He was received on his arrival from Lowe with great enthusiasm. Students clamored for a speech, but he declined. He explained that he wished to make only one address in England. He received the degree of doctor of laws.

The students perpetrated what the termed a huge joke on Roosevelt. They placed an immense Teddy Bear with outstretched arms in the path of the party on the sight-seeing tour. When Roosevelt encountered Teddy he laughed violently and shook his paw. The college men applauded wildly. Dr. Sandys, the university orator, in his address, referred to Roosevelt as the most vigorous and versatile man in the world in his efforts for peace, a friend of the British empire and all good people the world over.

Roosevelt wore a scarlet gown and a red velvet cap, the insignia of the Cambridge doctors of law during the ceremony. The students cheered frequently during the ceremony. They let down Teddies from the galleries. Mrs. Longworth, Roosevelt's daughter, was present.

CAR BARN BURNS. Des Moines, May 26.—Fire today destroyed the barns of the Des Moines City Railway company. The barns are valued at \$20,000. Twenty-three cars, valued at \$115,000, also were destroyed. The loss of cars will badly cripple the service. Several had narrow escapes.

## VENUS SEARCHED AMERICAN VESSEL

REPORT AT BLUEFIELDS AFTER MADRIZ FORCES ARE REPULSED.

Bluefields, May 26.—Madriz's army was repulsed in its attack on the bluffs custom house, the gate to the port of Bluefields. It is estimated 200 were killed and wounded in the fighting, the most being of the Madriz forces. The last attack was led by 500 from the gunboat Venus. Americans operating rapid fire guns permitted the Madriz troops to come near. Then they opened fire, mowing their opponents down. There were many skirmishes of outposts today. Americans are clamoring for an investigation of the report that the Venus is holding up and searching the American schooner, Esmerzo, flying the American flag.

### Is Venus a Pirate?

Washington, May 26.—The state department received official notice today by Consul Moffatt at Bluefields of the Venus holding up the American vessel, Esmerzo. Secretary Knox has the matter under consideration. There is danger of the Venus being declared a pirate.

Although the state department has not yet issued specific instructions as to the Nicaraguan situation, Commander Glimmer, of the gunboat Paducah, has general instructions to protect American interests and may attack the forces about Bluefields when he considers it necessary.

### Marshal Neel Returns.

Deputy United States Marshal Elwood Neel returned last night from Golden Pond, where he served notice upon the defendant in the case of the Chattanooga (Tenn.) Medicine company et al against John W. Collins. Collins is required to appear before Judge Walter Evans in Louisville on May 30 to show why he should not be adjudged a bankrupt.

### Launch Capsizes

Fifty feet from the east shore of Tennessee Island this morning the launch in which Capt. Boh Owen, Mr. Brack Owen, Samuel Brown and Mr. Baker and his son, were riding to the island to investigate the fire on yesterday, struck a log and capsized. The party swam ashore and the launch was afterwards recovered. They were brought back on Clarence Parker's launch.

## JOE SMITH DIES IN LOUISVILLE

BROTHER OF MAYOR WILL BE BURIED HERE TOMORROW NIGHT.

Joe H. Smith, son of the late J. R. Smith, of this city, and brother of Mayor James P. Smith, died last night of paralysis of the heart at his home in Louisville. He died at 11:45 o'clock. The funeral will be held in Louisville and the body will be brought here, arriving tomorrow night at 6:10, being taken directly to the Smith mausoleum at Oak Grove cemetery, where Dr. H. W. Burwell will conduct the service. He died last night at 11:45 o'clock. Although he had been ill, he was walking around yesterday. When a telegram was received, announcing his illness yesterday, Mrs. James P. Smith and Dr. Frank Hoyd started immediately for Louisville, and are there now.

Joe H. Smith was born in this city June 16, 1878, and had many warm personal friends.

The pallbearers who will meet the train tomorrow evening are: Dr. Hearne, Joe Ullman, John G. Rehkopf, Leslie Thompson, Richard Ashbrook and Joe Sinnott.

## TO THE GREENWOOD

DOCTORS OF MCCRACKEN COUNTY WILL GO.

Meeting of Society Last Night Ends Indoor Sessions for the Summer.

The meeting of the McCracken County Medical society last night at the Woman's club was the last indoor meeting this season. The next meeting of the association, which will be in July, will be held in the country and basket dinners will be spread. The place for the outdoor meetings this summer have not been designated, however.

There will be no meeting of the society in June, owing to the annual meeting of the American Medical society at St. Louis. The date for the meeting is June 7, 8 and 9, and it will be attended by many Paducah physicians. Some are to be booked for addresses before the association.

Last night Dr. Harry F. Williamson was elected a new member of the medical society. The report of the committee on the entertainment of the visiting doctors at the annual meeting of the Southwestern Kentucky Medical society here May 19 and 21 was read and received and filed. The regular order of business was transacted.

### AT CHARITIES MEETING

Students of Drunkenness Make Some Suggestions.

St. Louis, May 26.—Fines and imprisonment for drunkenness would be superseded by medical treatment if three students of the question who spoke before the National Conference of Charities and Corrections had their way. They are Bailey B. Burritt, of New York; Robert A. Woods, of Boston, and Judge William S. Pollard, of St. Louis. Prof. Thomas J. Riley, of St. Louis, presided at tonight's session of the conference. Doctors Edgar E. Swift and John W. Whithers, both of St. Louis, were speakers.

## News of Theatres

### New Bill at the Kentucky.

Dorothy Lamb and company in 20 minutes of fun, called "A Night With the Red Men," head the new bill at the Kentucky theater for the balance of the week beginning this afternoon. Miss Lamb carries her own scenery and effects and headed the bill at the Avenue theater, Louisville, last week. Another act is Peters and Chamberlain, who have a pianologue and character song that go well with any audience.

Billy Quick, the whistler and imitator, will add strength to the bill. Miss Lewin, the popular singer, continues to win fresh applause at each performance.

### At the Stars

The change of program at the Star will consist of Nichols, Nelson & Nichols in a hoop rolling and juggling act which is entitled "The Educated Hoops." The press of the country praise this act highly, claiming for it an altogether new and novel performance.

Mabel Blondell, a young lady of beauty, has a fine voice and is one of the best singing soubrettes on the Hopkins circuit.

The Huctables, Florence and Fred, are refined character change artists and do a novelty singing act entitled "A Bouquet of Songs." Tied with a bow of neatness, they make five complete changes during their part of the performance.

Mr. Frank Long has a new illustrated song and two reels of moving pictures will be given at each performance. The prices of admission will be adults 10c, children 5c.

### WHAT EVERYBODY WANTS

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, and a serious illness may be averted. Foley's Kidney Remedy will restore your kidneys and bladder to their normal state and activity. —Gilbert's Drug Store.

### Another Step Forward.

New York, May 26.—Although it may be years before the Chinese edict establishing a national decimal coinage is put into effect that section of the Chinese authorities is formally deriding the adoption of a uniform currency system is looked upon here by bankers and commercial houses as a long stride in the march of the celestial empire towards civilization, as typified by the western commercial standards.

## RESOLUTIONS OF LIQUOR DEALERS

LICENSE AS MEANS OF REGULATING LIQUOR TRAFFIC.

Character of the Men Applying for License Should Be Paramount Issue.

### TAKE SALOON FROM POLITICS

Cincinnati, May 26.—Declaring that prohibition does not prohibit, and appealing for a "model license" as a means of regulating the sale of liquor at retail, the National Association of Wholesale Liquor Dealers adopted resolutions endorsing proposed drastic laws regarding the qualifications of applicants for saloon licenses. They urged that the character of person making application be made the "paramount issue," and thus eliminate the saloons from politics and lessen the number to the point of public necessity, while at the same time defeating the ends of those favoring unlicensed and unregulated traffic.

Speaking on the subject "Some Fallacies and a Moral," Percy Anderson, president of the Ohio Brewers' Vigilance Bureau, told the delegates that the solution of the liquor question must come "from the liquor industries themselves, and from no other source."

Prefacing his conclusions with a review of Ohio statistics of "dry" counties showing that in those counties in three years "the rate of taxation has increased; the arrests for drunkenness have diminished, and the number of indictments for felonies and misdemeanors have increased," Mr. Anderson said:

"Now reconcile these facts if you can. Of course the advocates of prohibition will take jubilant comfort in the decline, however, means that less people drink to excess than before, is an open and perhaps debatable question. But assuming the fact to be established, wouldn't the accompanying fact that the number of felonies and misdemeanors has increased seem to prove that sober people are more liable to commit crimes than drunken people? Such a conclusion would be manifestly absurd, yet the statistics disclosed certainly made sad havoc of the prohibitionists' stock argument that drink is the cause of 90 per cent of all crimes committed."

### Obedience to the Law.

Strict obedience to the law and wise regulation of the liquor traffic were advocated by President T. M. Gilmore, of the National Model License League before the Wholesale Liquor Dealers' convention. "State after state has tried prohibition," said Mr. Gilmore, "property worth hundreds of millions of dollars have been confiscated, revenues worth hundreds of millions of dollars have been lost and the problem in practice is no nearer solution than it was fifty or one hundred years ago, and the consumption of alcoholic beverages instead of being decreased, has increased, within the last fifteen years something like 50 per cent."

"The Model License League believes that this problem can be solved by the adoption of laws that will be fair to the retail liquor dealer, and that at the same time will protect society from the disreputable resorts, that society properly objects to and complains of."

## RAILROAD NOTES

Freight business with the railroads is heavier now than it has ever been in the history of railroad-ing in Paducah. The capacity of the local equipment is taxed to its greatest, and only by the hardest work are the employees able to keep the yards from becoming congested. The passenger trains are not crowded, as the number of passengers has decreased. However, the excursion season will open within a few weeks.

William Jones, a pipe fitter, has gone to Chardonale, where he has accepted a position.

Will Walker, a machinist apprentice, has gone to East St. Louis, to assist his brother, Joe F. Walker, in moving to Paducah.

J. A. McKillop, assistant superintendent of motive power, is expected to arrive in the city tonight.

John D. Webber, a pipe fitter, has returned to Paducah.

J. M. Chambers, a switchman at Fulton, has returned to his home. Chambers' foot was amputated at the hospital several months ago.

J. L. Woodbridge, general foreman at Princeton, returned to Princeton this morning after a visit to his son, Thomas Woodbridge, who is improving rapidly after an operation for appendicitis.

Hugh Wood, traveling passenger agent, was in the city yesterday on business.

### Goes to Martinsville.

Robert B. Hicks, city license inspector, left yesterday for Martinsville, Ind., where he will take treatment for his attacks of rheumatism. Mr. Hicks left Paducah last week for his home in Henderson, but failed to improve readily, and went to Martinsville.

## CRAP GAME

RAIDED BY PATROLMEN ON SOUTH SIDE.

Four "Home Rollers" Were Fined \$20 in the Police Court Today.

Another crap game was uncovered last night near Tenth and Hubbard streets by Patrolmen Haldrup and Gelatt and six alleged shootists were ridden to police headquarters in the patrol wagon. They registered: Lee Pryor, Robert Hooge, Walter Tucker, Jim Stanson, Freeman Torian and Will Morris, all colored.

In police court this morning Robert Hooge proved to be just 16 years old and was turned over to the juvenile court. Will Morris was dismissed and the remaining four were fined \$20 each. Morris was fined \$20 on a charge of vagrancy and the judgment suspended on condition he went to work before night. Other cases this morning were: Housebreaking—Will Owens, continued until Saturday.  
Breach of ordinance—Dr. Allen, dismissed on motion of prosecuting attorney.  
Grand larceny—John Davis, continued until Saturday.  
Breach of peace—S. H. Nell, fined \$10 on motion of prosecuting attorney.

SOME fast work with the gloves was witnessed last night at the Laveau theater between some of the amateur colored boxers. In the first bout Charley Mitchell stopped Wild Pryor in three rounds. Mitchell easily outpointed and outboxed his opponent, who was willing to quit after three fast rounds. Percy Hatch and Dan Hughes went the limit for four fast rounds. Both boxed it well, but Hughes had a shade the better of the argument because of his longer reach. A battle royal that was a corker opened the program.

## A Tonic

Make no mistake. Take only those medicines the best doctors endorse. Consult your own doctor freely. —J. C. Ayer, Co., Lowell, Mass.

Tired? Just as tired in the morning as at night? Things look dark? Lack nerve power? Just remember this: Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol. It purifies the blood; gives steady, even power to the nerves; strengthens the digestion.

## ROOSEVELT DAY

WILL BE CELEBRATED IN NEW YORK CITY.

New Political National Welcome to Be Accorded the Honorable Governor.

New York, May 26.—The reception to be given Colonel Theodore Roosevelt upon his return to this country, June 18, will, it has been decided, be national in scope as well as non-political. Cornelius Vanderbilt, chairman of the committee, therefore announced to the country at large that any organization in receipt of a standing will be given a position along the line of march. Applications should be made immediately to Captain A. E. Condy, secretary of the committee, and addressed to No. 146 Broadway, New York. Col. Roosevelt will arrive on the Kaiserlin Augusta Victoria and will reach Quarantine on the upper bay at 9 o'clock, and will leave the steamer ship for a revenue cutter which will lead the welcoming flotilla to the battery. There will be brief exercises at an official welcome by Mayor Gayne. The procession will then proceed by Broadway to Washington Square, through the square to Fifth Avenue and up Fifth Avenue to Fifty-ninth street. The entire route will be decorated with the national colors and lined with thousands upon thousands of admirers of Colonel Roosevelt.

### Rubber Sale Slow.

London, May 25.—Competition at the opening of the fortnightly auction sale of raw rubber at Mincing Lane was decidedly slack and several lots had to be withdrawn. Some orders were in evidence for the crape rubber, however, and this grade went as high as 10s 6 3/4d per pound, or 7d below the price prevailing at the sales two weeks ago.

## OWEN ISLAND FIRE

FIREMEN CAN ONLY STAND AND WATCH SPECTACLE.

About \$7,000 Goes Up in Flame and Smoke as Result of Sparks.

Fire destroyed the barn and several thousand bushels of corn yesterday afternoon on the Tennessee Island. It was impossible to fight the flames, and the workmen used their time in removing a small part of the corn, but after the blaze became too hot they had to stand off and watch about \$7,000 go up in smoke. The corn was owned by Owen Brothers, and was raised on the island last summer.

The fire, it is thought, ignited from a spark from the engine pulling the corn sheller. The fire started late in the afternoon, and burned until late last night before the last ember died out. When discovered the barn was burning fiercely, and all efforts to extinguish the blaze failed. Of the several thousand bushels of corn only about 150 sacks of shelled corn were saved. The city fire department was not notified, as the firemen could have done little towards saving the crop.

### UNITARIANS IN MEETING.

Will Not Send Delegate to Convention of Labor Federation.

Boston, May 26.—At a meeting of the American Unitarian association today, the third day of the 85th anniversary week of the association, officers were elected as follows:

President, Rev. Samuel T. Elliot, of Cambridge. Among the vice-presidents is Charles W. Ames, St. Paul; secretary, Rev. Lewis C. Wilson, Cambridge; treasurer H. Lincoln, Hingham.

The American Federation of Labor failed of endorsement in the resolution to appoint fraternal delegates to the national conventions of the various social organizations. On motion of Rev. G. G. Miles, of Watertown, the federation was eliminated on the ground of "its crimes against the courts and its un-American idea of closed shops."

### NEW WASHINGTON CLAIMANT.

Suit of Patriot's Heirs Discovers Another One.

Washington, May 26.—Publication of the information that congress might pay the claims of heirs of George Washington, who contend that \$305,000 worth of land was taken from them without warrant of law, brought out a new claimant to dispute their rights.

George M. Roberts, of Wellsville, Ohio, has written the following letter to the chairman of the house committee on private land claims:

"Observing that your committee is about to award the \$305,000 to the supposed heirs of George Washington, I forbid any such proceedings, for I am the only heir to that land and I will prove it when I get the original papers from England, the papers that John Paul Jones took in the Rover on his first trip. I write this as a warning so that you will not spend the people's money unnecessarily."

### GROWING CHILDREN

The Period When the Nervous Activity is at Its Greatest.

"Against the practice of giving tea and coffee to children, we cannot speak too strongly. Childhood is the period when the nervous activity is at its greatest. The brain is ever busy receiving new impressions. Reflex action, co-ordination of muscles, and the special senses are all under a special course of training.

"The nervous system is pushed to its utmost capacity, and long is the list of victims that follow its overstimulation. In these little people nothing but harm can come from the use of such cerebral stimulants as tea or coffee. Had, then, as this practice is, let us as physicians be aggressive in its prohibition.

"Do not be satisfied by answering 'No' when asked as to their use, but let us teach the families with whom we come in contact that such practice is evil. We speak emphatically, because not only among the poor and uneducated, but among the rich, who should know better, this practice is marvellously prevalent."—The Home Doctor.

Children like a warm beverage for breakfast and it is well for them to have it if the drink is a food and not a drug.

Postum is made to supply a rich nourishing liquid food with a crisp coffee taste for those who cannot and should not use coffee. Analysis shows it to contain about fourteen per cent of muscle-forming elements and 65.11 per cent of energy and fat-producing elements, which go to nourish and sustain the delicate nerve centers throughout the body and from which the vital energy proceeds.

The success of child or adult depends largely upon proper sustenance for the body. Children who depend upon the intelligence of their elders to furnish them with good food deserve our most careful attention and thought.

### Tobacco Market.

Louisville, May 26.—Offerings on local tobacco breaks follow:  
Burley, 48; dark, 120; total, 168.  
Original inspection, 144; reviews, 24; rejections, 7.

Dark house sold 19 hds. at \$5.50 to 11, with 3 rejections.

Planters' sold 3 burley at \$11 to \$12.75, 10 dark at \$4.55 to \$8.10.

State house sold 7 hogsheds burley at \$14.00 to \$19.50, with one rejection.

Pickett house sold 33 hogsheds burley at \$8.30 to \$16.50, and 1 dark at \$5.10 to \$13.50, with three rejections.

Kentucky house sold 10 hogsheds burley at \$10.00 to \$16.00, and 11 dark at \$6.00 to \$10.25.

Ninth street house sold 68 dark at \$3.00 to \$10.50.

### Live Stock.

Louisville, May 26.—The receipts of hogs were 97 head; for the three days this week, 4,230. The market opened slow and 5c lower. Selected hogs, heavy, medium, light, shippers and heavy pigs, 90 pounds and up, going at \$9.55; light pigs, \$8.55; roughs, \$8.85. As the day advanced the market weakened under unfavorable reports from other markets and the trade closed dull to a shade lower.

### Cattle.

The receipts of cattle were very light—87 head; for the three days this week, 1,537. The attendance of buyers was light again, and while the fresh supply of cattle on sale was small, there were enough here to meet every requirement of the trade, and the market was quiet, without any new interesting features.

Nice, handy butcher cattle were the best sellers, and on account of the scarcity of that class, they changed hands about steady. Medium and inferior kinds were neglected, with a tendency toward lower prices. Grass, half-fat cattle hard to sell, and indications point toward lower prices on grass cattle in the very near future. The feeder and stocker market was unchanged. Good bulls steady. Common bulls and canners dull to shade lower. Milch cow trade slow. The best about steady. Others very hard to sell.

### Sheep and Lambs.

Receipts, 116 head; for the three days, 363 head. The market ruled about steady, with the best 7 3/4 @ 7 1/2 c. Some fancy higher. Medium 5 1/2 @ 7 c; common, 2 1/2 @ 5 c.

No prime heavy cattle here; feeling just about steady.

Calves.  
Receipts, 116 head; for the three days, 363 head. The market ruled about steady, with the best 7 3/4 @ 7 1/2 c. Some fancy higher. Medium 5 1/2 @ 7 c; common, 2 1/2 @ 5 c.

### Sheep and Lambs.

Receipts, 423; for the three days this week, 1,183. The market ruled very dull and about 1/2 c lower on sheep. The best fat sheep around 5c down; fall lambs, 6 1/2 c down; spring lambs, 7 1/2 c. Common sheep and thin cull lambs extremely dull.

St. Louis, May 26.—Cattle—Receipts, 2,500; market weak to 10c lower; native beef steers, \$6.75 @ \$5.50; cows and heifers, \$3.50 @ \$3; stockers and feeders, \$4 @ \$2.25; calves in carload lots, \$4 @ \$2.25. Hogs—Receipts 11,000; market 10c lower; pigs and lights, \$9 @ \$9.60; packers, \$9.40 @ \$9.60; butchers and best heavy, \$9.45 @ \$9.65. Sheep—Receipts, 3,500; market lower; native muttons, \$4.75 @ \$6.25; lambs, \$7.50 @ \$8.75.

### TRAINED DOG STEALS POULTRY

Terre Haute Police Lay Trap and Solve Mystery of Theft.

Terre Haute, Ind., May 26.—The local police department has solved partially the mysterious disappearance of many chickens lately. The owners of poultry had not seen anyone hanging around their henroosts. The police laid a trap. They finally saw a horse and buggy driven up to a chicken roost. They were prepared to land their man. Instead of a man, however, a fine looking bull terrier jumped out of the buggy and made straight for the henhouse.

He came out immediately with a plump pullet in his mouth, hiked straight for the buggy with it and then came back like a veteran for another. The police made a run for the dog's owner, but he escaped in his rig, with the dog following.

## GARFIELD FROGGE

IS PROMISED MERRY TIME WITH MITTS.

Number of Aspiring Local Amateurs Seek Matches With Him.

Garfield Frogge is promised a merry time with the padded mitts, as a number of local amateur fisties are considering his challenge. Basil Dicke, a ballroomer at the railroad shops, has accepted it and Frogge, who was in the city last night, said this: "Dicke" is satisfactory to him and he offered to post his guarantee. Dicke sprang at the exhibition last week, and proved that he is willing to mix it up, and he possesses a wallop that is dangerous.

Both are in good shape, as work in the shops keeps them ready for the ring. Their friends are anxious to see the go, and expect it to be arranged in about a week. Dicke will make 150 pounds, which is the weight of Frogge. Probably Frogge is the more scientific, but in Dicke he will find an opponent who is willing to learn by experience, and rather competent with the padded gloves himself.

Quincy, Mass., May 26.—The keel of the Acorazado, the biggest battleship in the world, which will cost Argentine Republic \$11,000,000, was laid at the Fore River Ship Building company's yard here today. It is the anniversary of the South American republic's independence.

## Goodman-Moore.

Jackson, Tenn., May 25.—A romance of three or four years' duration was brought to a happy culmination last Wednesday, the 18th, in the marriage at Washington, D. C., of Miss Elizabeth Moore, of this city, and Joel Goodman, of New York. Mr. Goodman was located in Jackson a few years ago during which time he met and wooed Miss Moore, but for reasons known only to themselves their ways were parted and Mr. Goodman left Jackson. In the weeks and months that intervened, however, neither seems to have forgotten the other, as is more forcibly evidenced by their recent meeting and marriage.

## Daily Thought.

The gold was profit, but his soul  
was loss.—J. K. Bangs.

The senate is divided between  
President Taft's railroad rating and  
Senator La Follette's railroad be-  
rating.

From the Tucson, Ariz., observa-  
tory scientists report that the comet  
is divided into two parts, one about  
3,000 miles ahead of the other, with  
a bit of a tail attached.

Even if you are a little hoarse to-  
morrow, it is good to go to a base-  
ball game once in a while. If only  
for a chance to yell about some-  
thing beside high prices.

Oliver Spitzer, the convicted sugar  
trust dock superintendent, who con-  
fessed, implicated others and was  
granted a pardon, says his con-  
science wouldn't permit him to keep  
silent. He sets great store by the  
chronological sequence of his con-  
fession and pardon. Ah well! He  
did wisely to heed the little monitor,  
as events speedily proved.

**A NEGLECTED OPPORTUNITY.**  
A special from Humboldt, Tenn.,  
to a Memphis paper says that ber-  
ries brought to that section a half  
million dollars in three weeks. Cab-  
bage will follow shortly in the pro-  
gression of the vegetables and then  
the tomatoes will be converted into  
gold.

Here is a half million dollars in  
cash, nearly all profit, and all dumped  
into one small community in  
three weeks. What could Paducah  
do with a half million dollars poured  
into the channels of trade at once?  
Think of how mercantile business  
picks up in the tobacco selling  
season, and then imagine strawber-  
ries following tobacco, and cabbage  
following strawberries and tomatoes  
and cantaloupes coming in order,  
each attracting from the cities its  
value in hard money. With the  
shipping facilities of Paducah to St.  
Louis and Chicago, her climate,  
which makes it possible to raise veg-  
etables from three weeks to a month  
ahead of the Illinois gardeners, and  
land so much cheaper that the origi-  
nal investment is inconsequential,  
it is little less than stupid for a  
community to continually covet the  
steel mills of Pittsburgh and the  
commerce of Chicago, when it has  
neglected resources of its own, that  
would benefit it more than a dozen  
factories.

We know commission men have  
made sporadic efforts to induce the  
farmers to go into the truck garden-  
ing business; but they have lacked the  
consistent support of community  
sentiment, which is necessary to  
successful co-operation in such a  
venture. Straining our eyes toward  
the distant smoke of factories, we  
have overlooked "acres of dia-  
monds" at our very feet. We talk  
scholaristically about "intensive farm-  
ing," "experiment stations" and  
modern methods of agriculture; but  
we do not think of these subjects in  
relation to the soil of McCracken  
county.

Is this too small a subject for dis-  
cussion at a "get together" dinner?  
Won't a half million dollars in cash  
distributed in three weeks among a  
hundred or two hundred citizens of

this community interest Paducah  
merchants? Can no one conceive  
how ten acre tracts with pretty cot-  
tages on them could multiply along  
the highways leading out of Paducah,  
until some traction company would  
find it profitable to annex the whole  
territory for 40 miles around to the  
Paducah market with its rapid trans-  
it lines?

## THE REAL ISSUE IN OHIO.

In Kentucky it is generally un-  
derstood that Ohio farmers keep their  
horses in a garage. It is not so;  
even in that fertile midland, watered  
by the Kokosing, many in the very  
town immortalized as the place of  
Clement L. Vallandigham's last  
"copperhead" convention; in whose  
hilltop cemetery rest the bones of  
Daniel Decatur Emmet, composer of  
"Dixie"; whose court house walls  
are fairly laid in fragrant memo-  
ries of the late William A. Silcott,  
and among whose people Jacob S.  
Coxey is now reckoned as one of the  
latter day saints—the Grange has de-  
manded additional hitching rings on  
the main street; and the issues have  
lurched the community in such a  
tumult as only to be compared with  
that black year when the first in-  
trepid soul dared to voice doubt in  
the Paducah general council as to  
the constitutional guaranty behind  
the immemorial right of the town  
cow to browse upon the custom  
house lawn.

Now, this particular main street  
is paved, and down its middle course  
at intervals the street cars, which  
engaged the irrepressible initiative  
of Plimp Chase, before he went to  
Washington to teach vaudeville how  
to be polite; and Mayor Mitchell,  
betrunking himself of a hundred or  
two other streets, not so traffic  
laden, where horses might stand in  
greater security, vetoed the hitch-  
ing rings.

The Grangers were not to be  
mollified with side streets; neither  
could they seem to extract any  
practical suggestion from that curi-  
ous tale of a personage who had

"Elephants to ride upon"

and  
"Rings on his fingers."

They wanted rings on the curb-  
ing—they still want them, and the  
disorder already has reached the  
revolutionary stage. In some sec-  
tions they might be expected to ride  
into town in the dark of the moon  
and set fire to the tobacco ware-  
houses, but they have no tobacco  
warehouses up there; and, anyway,  
they have devised a more subtle  
means of revenge. The Grange  
threatens that unless the mayor  
puts hitching rings on the main  
street, its members will take their  
butter and eggs to Sears-Roebuck  
in exchange for such "just as good"  
articles, as the mail order houses  
are supposed to supply at half what  
the raw material for the real thing  
would cost.

You see, the agriculturist has be-  
gun to appreciate the power of  
economics, as keenly as the man,  
who has been shocked by lightning  
and lives, understands the force of  
electricity; but he has not yet  
learned the lesson of the reciprocal  
relationship, which the law of econo-  
mics enforces. He has put up light-  
ning rods, but he does not run his  
corn sheller with the lightning; for  
electricity as he sees it is an enemy  
and not a useful element; and, by  
the same token, he conceives a com-  
bination of producers ever at en-  
mity, instead of in co-operation,  
with the distributors.

Remember back in the nineties,  
can't we, standing on Lauderdale's  
corner and overhearing the remark:  
"By Heck! It's mortal strange that  
every year when the roads are bad  
and the farmers can't get to town,  
butter and eggs go up, and just as  
soon as the roads get good and we  
all come in, the grocers put the  
prices down again?"

Since their organization, we  
haven't noted any marked improve-  
ment in the roads; but eggs and but-  
ter are holding up well, thank you.  
However, they take most of their  
troubles to the bar of politics in  
Ohio; and, though the present dis-  
turbance caused the people to mo-  
mentarily forget Myron T. Herrick  
was running, and absently in-  
dented all their votes for Senator Dick;  
and, though we had hoped little  
Jimmy Garfield might wipe up the  
ground with Carmel Thompson and  
Warren G. Harding for a chance to  
break a lance with Governor Har-  
mon, we are willing to postpone that  
spectacle for a season and give  
Mayor Mitchell the opportunity to  
bitch his political wagon to the star  
of civic beauty—regardless of where  
the Grangers are to hitch their's—  
and try out this issue at the next  
general election.

Only, nothing herein contained or  
read between the lines is to be con-  
strued by direct inference or neces-  
sary implication as suggesting or in  
any way creating the suspicion that  
Mayor Mitchell is to be the "ring"  
candidate.

## VOICE OF THE PEOPLE

Fowler Post.

When the steamer Dick Fowler  
rang her bell to "let go" this morn-  
ing, and her familiar whistle sound-  
ed across the bosom of the Ohio,  
there seemed to linger in its muffled  
tones a ring of sadness. The "escape  
of the mighty engines seemed more  
like a sob than an exhaust, and as  
the proud vessel turned her head  
towards Cairo, she seemed like a  
human being, loth to leave her moor-  
ing.

Somehow there seemed to pervade  
the atmosphere a solemn stillness  
broken only by the sobs of the en-  
gines and the voice of the captain  
as he cried to the pilot "All gone."  
From her jacket there floated the  
Stars and Stripes but not proudly as  
usual, but on the contrary they  
drooped at half mast as a token of  
respect to the memory of the gallant  
boy who first learned his lesson on  
her, and whose young life answered  
the call of duty. Around the officer  
and at the desk he first presided  
over the badge of mourning was  
draped, and from the chambermaid  
to the master of the boat there was  
nothing but love for the boy, and  
sympathy for those left behind.

From early boyhood Fowler Post  
was fond of the river, and, why not,  
since his ancestors before him spent  
the greater part of their lives on it,  
and the call of the wild asserted it-  
self in him too strongly to be re-  
sisted.

When death stares an old man in  
the face it is to be expected; for its  
flint is inexorable, but when youth  
and hope are in the twinkling of an  
eye snuffed out like a candle before  
even its beams have a chance to  
shine out in this work-a-day world,  
then it is all the more pitiful.

"He was making a trip down the  
River of Time  
When a hail from the beautiful  
shore  
Made him land and the angels fair  
led him away  
And he never came back any  
more.

He has rung his last bell, he has tied  
his last line.

He has answered Death's hail with  
a nod.

He has gone to the bank when they  
landed the boat  
And today he's in heaven with  
God."

## Some Stories Around the Town.

The lawn of the public library is  
one of the most attractive spots in  
the city. The flower beds are un-  
usually beautiful this year, and more  
of them have been arranged. At the  
front of the library as well as on  
the Kentucky avenue side the word  
"Library" has been spelled in the  
floral designs.

In the first marriage ceremony  
Magistrate Green Bennett rivaled  
County Judge Alben W. Barkley for  
the honors. Yesterday afternoon he  
married Miss Ruth May Thomas and  
William Shanks, a couple from the  
county. Magistrate Bennett admits  
he felt a little shaky, but managed  
to stumble through the ceremony af-  
ter a brave effort.

Two large yellow bears, owned by  
two itinerant Italians, attracted con-  
siderable attention at the wharfboat  
this morning when the animals were  
taken aboard the steamer George  
Cowling to be delivered at Brookport.  
Both bears were muzzled and were  
led by chains attached to rings  
through their noses and were per-  
formers and dancers. Professor Wil-  
liam Deal, who is in charge of the bear  
park, attempted to get the bears  
as a side attraction for Wallace park  
this afternoon but he could not make  
himself understood by the Dagos,  
who emitted a rapid blustering lingo  
and made peculiar gestures when he  
approached them.

Mr. G. W. Robertson, president of  
the Globe Bank and Trust company,  
and vice president of the First Na-  
tional bank, under the recent mer-  
ger of those two institutions, was  
presented with a very handsome gold  
headed walking cane Wednesday af-  
ternoon. The incident was quite a  
surprise to Mr. Robertson, and very  
cleverly prepared. Mr. Robertson  
was told a special meeting of the di-  
rectors was desired and when they  
were called to order the form of  
reading the minutes and bringing  
up some special matters were gone  
through with, and then the cane was  
presented to him by Dr. D. G. Mur-  
rell, who said:

"Mr. Robertson, it is a pleasure to  
me to represent the directors of the  
Globe Bank and Trust company as  
your spokesman in presenting to you  
a token of their appreciation of the  
earnestness and ability shown by you  
in the handling of the affairs of the  
Globe Bank and Trust company, in  
which they were directors under your  
wise and efficient management.  
"You brought the Globe Bank and  
Trust company up from a crippled  
condition to a healthy financial  
state, that commanded the respect of  
the business men of Paducah, among  
them the leading banking institu-  
tions of southwestern Kentucky; to  
the end that the First National bank  
of this city thought it wise to pro-  
pose an alliance.

## War Whoops.

The new uniforms have arrived  
and will be donned for the first time  
this afternoon. The suits are gray,  
and are duplicates of the suits worn  
by the Chicago Cubs. The fans are  
hoping that there is something in  
the style that may make the Indians  
follow the example of Chance's  
team.

Elmer Tadlock, a pitcher, Corbett  
and Jefferson have been handed their  
release. Tadlock as a pitcher needs  
more experience, as he is willing and  
has some good curves. Corbett is an  
in-fielder and a fair player. Jeff-  
erson is a big husky outfielder, but  
was woefully weak with the stick.

All of the local players, who have  
graduated from the town lots, are a  
bit nervous, but have been playing  
good ball, and promise to make good.

J. Cox, of Harrisburg, Ill., and  
Harry Moore, of Mobile, Ala., are  
having a merry race for the honor of  
holding down first sack. Moore  
played in the Southern league until  
a few days ago, but Cox has impress-  
ed the fans, and he may land the job.  
All the pitchers are in good trim  
to start the season, and that helps  
some.

Hopkinsville will stay long enough  
for the fans to become thoroughly  
acquainted with her team. The pres-  
ent series will not conclude until  
next Tuesday, Decoration day, when  
a double header will be pulled off.  
After the first series Paducah  
jumps to Vincennes on the first road  
trip. Games with Clarksville and  
Hopkinsville follow. The team will  
be absent until June 12, when the  
Altoona will pay their first visit to  
the Paducahs.

## The Opening at Vincennes.

Opening day in Vincennes is a  
big affair. To rival the opening ball  
game there will be a balloon ascen-  
sion, and a band concert. A banner  
crowd is expected for the game and  
many of the merchants have agreed  
to close their stores and permit the  
clerks to attend the open. Of the  
team for the first game the Vin-  
cennes Capital says:

"The team which Manager Nairn  
will send against Clarksville in the  
opening game is practically complete  
with the exception of the pitcher and  
his name will likely not be known  
until it is seen how all warm up just  
previous to the game. In all prob-  
ability Bailey, Johnson or Williams  
will be called upon and it looks as  
if the honor is to fall to either  
Bailey or Williams. The latter is  
being groomed for the game and  
should he show first class form in  
practice stands a good show of get-  
ting the task. Fish will catch the  
game if he is right and in case he  
is not Johnson will get the job. Man-  
ager Nairn himself will look after  
first base. Shinn will be at second,  
Stanley at short and Jantzen at  
third. Jones will look after left  
field. Hurst after center and Morgan after  
right. Unless the unexpected hap-  
pens there will not be a change  
from the above line-up as Manager  
Nairn feels satisfied there is enough  
of it to handle the Tennesseans."

# CHAS. M. LEAKE & CO.

"THE AUTOPRESS"

The Chas. M. Leake Co., pre-emi-  
nently recognized as the largest job  
and commercial printers in Western  
Kentucky, has just installed the  
latest printing machine on the mar-  
ket, known as the Autopress. This  
machine is the first and only one of  
the Autopresses that will be deliv-  
ered in this section of the state.  
Only a few have thus far been in-  
stalled, and these at distant points.  
By the installation of the Autopress  
and other machinery, such as book  
and circular folders, punching, per-  
forating, stitching, and automatic  
cutting machines, the Leake Com-  
pany are now in a position to exe-  
cute all kinds of printing. The  
Autopress is a new kind of printing  
machine which has caused a revolu-  
tion in printing methods of job  
printing. It automatically does the  
work of 4 or 5 ordinary hand-fed  
presses. Every day—every hour that  
passes, shows the increased impor-  
tance of this wonderful machine,  
which has fairly set the mechanical  
world ablaze. For straight commer-  
cial work; for half-tone and three-  
color process work, its utility and  
efficiency has been demonstrated by  
printers all over the country. The  
Autopress is without question, or  
doubt, the most advanced method of  
economizing labor expense known to  
the public, and facilitates modern  
methods that the printing world has  
been able to produce. The Auto-  
press, technically speaking, is a  
high-speed, self-feeding, flat-bed  
cylinder job press. It is no more  
expensive in operation than an ordi-  
nary hand-fed job press, yet has all  
the advantages of a flat-bed cylinder  
press, with automatic feeding and  
increased speed. Leake & Company  
transact the largest commercial busi-  
ness in Western Kentucky in gen-  
eral commercial printing, and by the  
installation of the Autopress are  
now in a position to carry on and  
execute contracts 100 per cent  
quicker than in the past. This press  
has been installed at a great ex-  
pense to this progressive printing  
house, and nothing is too large or  
too small for them to handle. This  
house is equipped to do all kinds of  
printing, binding, engraving, blank  
book work, etc. The facilities are  
on a like plane with the leading  
establishments of the largest cities,  
and the excellence of the workman-  
ship and prompt and satisfactory  
fulfillment of large and important  
orders, have acquired for the com-  
pany an enviable reputation. The  
output ranges from a card to the  
most elaborate publications, and in-  
cludes the most exact requirements  
in special commercial printing. Man-  
ufacturers, banks and large commer-  
cial houses who are desirous of plac-  
ing printing contracts with this  
firm, can now do so with the assur-  
ance that it will meet with prompt  
expedition, as the Autopress is con-  
sidered by the general public a vast  
improvement, and much more ad-  
vantageous than 4 or 5 hand-fed  
job presses. The public is invited  
to call and see the Autopress in  
operation.

## ACCIDENT AT BOAT RACE

College Crews Were Scramped By  
High Waves.

Seattle, Wash., May 26.—Before  
the Island Steamboat and Washington  
eight-oared crews had gone a mile  
in the three-mile race for the cham-  
pionship of the Pacific coast this  
afternoon the men of both crews  
were in the water. The waves were  
high and the Washington shell split  
in two. Coxswain J. W. Roberts, of  
Stanford, narrowly escaped drown-  
ing. The referee awarded the race  
to Washington, as both crews had  
rowed more than a half mile and  
Washington had a lead when the

catastrophe occurred. The crews  
will race again tomorrow morning,  
as Washington declined to accept  
the decision. The Washington crew  
will leave tomorrow night for Mad-  
ison, Wis., where it will meet the  
Wisconsin crew.

## LEGAL BATTLE IS WAGING.

Pullman Company Wants Commis-  
sion Enjoined.

Chicago, May 26.—A legal battle  
to prevent the interstate commerce  
commission reducing the rates on  
berths in sleeping cars was begun  
before Judges Grosscup, Maker, Sea-  
man and Kohlsaat in the United  
States supreme court. The lawyers  
for the Pullman Car and Chicago,  
Milwaukee and St. Paul Railroad  
companies occupied the season in  
arguments against the commission's  
ruling. The arguments by the com-  
mission will be made tomorrow. The  
Pullman attorneys argued that the  
concern is not a common carrier and  
therefore is not amenable to the in-  
terstate commerce commission's or-  
ders. They say the company gets  
nothing but berth rentals from the  
operation of its cars over the rail-  
roads in the northwest.

## ROBEY TRUST FIGHTING HARD.

Chicago, May 26.—The first  
skirmish in the government's attack  
on the so-called beef trust began  
before Judge Landis in the United  
States district court when the coun-  
sel for the National Packing com-  
pany assailed the validity of the in-  
dictment, charging a combination in  
restraint of trade. The defendant  
alleged that the indictments do not  
go into particulars sufficiently; that  
there is no charge of crime, nor  
facts cited to constitute a crime, that  
if there was a crime, the statute of  
limitations (three years) had run  
against it.

## OLDEST HORSE IN WORLD DEAD.

Punch, Polo Veteran, Aged 45, Was  
Given a Good Burial.

Poughkeepsie, N. Y., May 2.—  
Punch, a veteran polo pony, once the  
property and pet of the late Wood-  
bury Kane, died on Friday at the  
farm of A. T. Jones, of Hyde Park,  
and he was buried yesterday in a  
grave dug in Mr. Jones' lawn. There  
he reason for believing that Punch  
was 45 years old, which in the ab-  
sence of reliable information would  
make him the oldest horse in the  
world. He had been fifteen years in  
Mr. Jones' care, had not had a bit  
in his mouth for 25 years, and once a  
bright bay in color, his age at the  
time of his death had faded him  
like a soap. A shaft will be placed  
over his grave inscribed with his  
name and his exploits.

## Honesty.

I was sitting at my desk when  
black Sam, who sometimes waits on  
me at my restaurant, entered my  
office.

"What can I do for you, Sam?" I  
asked.

"Ah got a chance to change mah  
situation, Missob Chahk," he said.  
"Yo' kin seh a good wud' fo' me,  
cain't yo'?" Tell 'em Ah'm honest, 'n  
sleek?"

"Of course," I hesitated, "you're  
a good walter, Sam, but I don't  
know anything specially about your  
honesty."

"Well, tell 'em dat, an say yo'  
thinks Ah'm honest. Dat'll be en-  
ough."

So I promised I would.

### IN SOCIAL CIRCLES

**Pretty Six O'Clock Dinner.**  
Mr. and Mrs. Michael R. Smith, of the Terrell Apartments, entertained with a beautifully appointed 6 o'clock dinner on Wednesday evening in compliment to Mr. and Mrs. Vincent Salvo and their guest, Miss Hailburton, of Carthage, Mo., and to Mr. and Mrs. Sanders E. Clay. The table was charming in its decoration of sweet peas and ferns and the sweet pea color-motif was carried throughout.

**Gahan-Blech.**  
The Elgin (Ill.) Daily Courier says of the approaching marriage of Mr. John J. Blech, Jr., a Paducah boy:  
"Invitations were out Friday for the wedding of Miss Mabel Winnifred Gahan to John J. Blech, Jr., of this city, formerly of Paducah, Ky., which will take place June 1 at 3 o'clock in the St. Mary's Catholic church at Essex, Ont., the home city of the bride, who is a daughter of Mr. and Mrs. Albert T. Gahan.  
"The young people will be attended by Albert Gahan, a brother of the bride, and Miss Josephine Reanne, a friend of the bride.  
"The honeymoon trip will include a visit to the parents of the groom at Paducah, Ky. They will be at home to friends after July 1 at 418 Sherman avenue, this city.  
"Miss Gahan was a member of the High school graduating class which finished in '04. She left school in the junior year and took a position at the watch factory, where she has been employed until recently. The groom is employed in the watch factory and resides at 24 Warwick place."

**Miss Harriman's Wedding.**  
Arden, N. Y., May 26.—Miss Mary Harriman, daughter of the late E. H. Harriman, and Charles Cary Rumsey, of Buffalo, were married in noon today in the church here. The wedding was quiet. Only members of the immediate families were present.

**A Brilliant Wedding.**  
Washington, May 26.—The president, vice-president and cabinet were present at the wedding of Miss Mathilde Townsend to Peter Goelitz Gerts at noon today. It was a brilliant affair.

**COMETS' HEAD SPLITS.**  
University of Arizona Savant Claims a Remarkable Discovery.

Tucson, Ariz., May 26.—That the head or nucleus of Halley's comet has divided into two parts is the discovery that Dr. A. E. Douglas, of the University of Arizona, says he made last night. According to Dr. Douglas, the brighter part is in advance of the other about 30 seconds, which is equivalent to 3,600 miles. Dr. Douglas calls attention to the fact that a parallel case was the comet of 1882, which divided into four parts, separated and entirely disappeared.

**ECONOMIC QUESTIONS ARE DISCUSSED AT MEETINGS.**

St. Louis, Mo., May 26.—In an address before the National Electric Light association in convention here today, Henry Doherty, of New York, declared the government is throwing away a chance to add \$4,000,000,000 yearly to the value of farm products by continuing the Pinchot policy of conservation. He believes the farms would be enriched this much if the immense beds now drawn on for fuel were used for fertilizer. The Rev. Dr. John Ryan, of St. Paul seminary, Minnesota, before the national conference of charities here today declared the stock of American workmen will rapidly degenerate unless wages paid workers is increased and certain parasitic industries are abandoned.

Dr. L. B. Howell left last night for Louisville to attend the State Dental association that convened there today.

Mrs. Joe Ryan and children, of Murray, arrived today on a visit to Mrs. Ryan's parents, Mr. and Mrs. J. E. Nicholson, 2021 Jefferson street.

Mr. David VanCulin left last night for Memphis and New Orleans on business.

Mrs. George Shepherd has returned to her home in Louisville after a month's visit to her mother, Mrs. Tobie Steger, of South Fifth street.

### OLD LADY'S SAGE ADVICE

Knoxville Lady Tells How She Tried Advice of Her Neighbor and Experienced Great Improvement.

Knoxville, Tenn.—"If you had seen me, before I began to take Cardul, you would not think I was the same person," writes Mrs. Mamie Towle, of 102 W. Main St., this city.  
"Six doctors failed to do me good, and my friends thought I would die. I could hardly get out of bed or walk a step.  
"At last, an old lady advised me to take Cardul, and now I can go to work anywhere."

The secret of lasting health is regularity.  
If a clock does not tick regularly and evenly, it is out of order and soon wears out, or runs down. If all your functions are not regular and natural, you will wear out, and get old and run down.  
All living women need Cardul, as a gentle, refreshing tonic, and beneficial, curative medicine, especially adapted to their peculiar ailments.  
It is a reliable, vegetable remedy, for most all womanly ills.

This is the secret of the wonderful success of Cardul during the past 50 years, in the relief and cure of ailments peculiar to women.  
It removes the causes, and builds up the strength.  
Try Cardul.

# Danderine

Grows Hair  
and we can  
**PROVE IT!**

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:  
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."  
Another from Newark, N. J.  
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

Free to show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the

## BUMPER CROP

THE TOBACCO PROSPECTS ARE EXCELLENT.

Dealers and Planters Are Delighted With Present Outlook.

A bumper crop of tobacco is promised in the Black Patch this year. Not for many years have the weather conditions been more favorable, and several thousand tobacco workers are rushing now transplanting the tender tobacco plants from the seed beds to the fields. The rains have made the ground in excellent shape for the transplanting. Already about half of the acreage has been planted.

Last year there was a short crop, because of the excessive rainfall, which washed away the plants in the fields.

The lowlands. This year the cold weather prevented early planting of other crops, but the weather has not interfered with the tobacco crop because the plants have been housed safely in the plant beds.

Tobacco growers are pleased over the outlook for a heavy crop of the week barring any unforeseen disaster that may lay the plants low until they have gained a good start. The rains this week have called for a rush of the workers and thousands of the plants have been transplanted by the end of this week it is hoped to have the crop practically in the ground.

## INFANT QUESTION BEFORE ASSEMBLY

DELEGATES BELIEVE THE LANGUAGE IS UNMISTAKABLE.

General Assembly of Presbyterians of U. S. A. Takes Up Missions.

ALSO THE EDUCATIONAL FUND

Lewisburg, W. Va., May 26.—The prohibitionists won a decided victory when the assembly approved the report of the Sinnot commission, which investigated the complaint of Rev. W. I. Sinnot against the Northern Presbyterian of Alabama for sanctioning the recently proposed amendment to the state constitution. The commission did not sustain the complaint and censured the minister.

The reports of the committee on the "elect infant" clause of the confession of faith gave rise to a short, sharp debate. A motion to send the proposed foot note to the Presbyterians for their approval was voted down overwhelmingly, and the assembly then voted without division to send down the amendment embodied in the committee's second recommendation.

Feeling Runs High.

Feeling over the Sinnot complaint was such that it was with the greatest difficulty the leaders were able to keep the question from creating a scene on the floor of the assembly. As it was a minority report was submitted by seven members of the committee, fourteen having signed the majority report.

The question arose from the comment being made that if "elect infants" are saved there must be some infants that are not elected. How, to say in churchly language, that the church holds that all infants are elected is a problem.

At the last assembly an ad interim committee, headed by Dr. A. M. Fraser, was appointed to propose to this assembly a proper working of the proposed amendment. It was this report that was set for action today.

Those who favor action by the church on the subject are subdivided into two classes. One would tack a foot note to the confession; the other advocates boldly changing the wording of the "elect infant" clause itself.

The ad interim committee reported its first recommendation as a foot note, reading: "This paragraph (the 'elect infant clause') can not be a fair interpretation of the language as construed as teaching that any of those who die in infancy are lost, and is not the belief of the Presbyterian church in the United States that any infant, dying in infancy, are lost."

Faced with a division amongst leaders that seemed well nigh irreconcilable, the general assembly of the Southern Presbyterian church postponed for one year action on the question of the attitude of the church toward marriage and divorce. The resolution for postponement was based on "the fact that there is not sufficient time for thorough deliberation on such an important subject."

The same committee, which has the subject under consideration for a year was continued. That committee had been unable to agree on a report, two of its members being in favor of the assembly keeping hands off the matter, two in favor of recognizing only adultery as a ground for divorce, but allowing the church to be convinced of his repentance, and two had not made up their minds on the subject.

To remedy this condition, Dr. R. A. Webb, of Louisville, Ky.; Dr. W. T. Hall, of Columbia, S. C., and T. R. Sampson, of Austin, Tex., were added to the committee.

The new committee on systematic benevolence, which, under the reorganization, will have supervision over the entire work of the church, was constituted as follows:

For two years—Dr. J. W. Bachman, of Tennessee; Dr. W. R. Dohyn, of Missouri; Rev. R. O. Flynn, of Georgia; W. T. Hardin, of Louisiana; John S. Munce, of Virginia; John Stiles, of Kentucky, and G. W. Watts, of North Carolina.

For one year—Dr. Thomas P. Hoy, of Florida; Dr. T. S. Clyde, of Texas; Dr. John C. Williams, of Arkansas; Rev. J. W. Moseby, Jr., of Oklahoma; D. S. Henderson, of South Carolina; J. L. Dean, of Alabama, and W. C. Smith, of Mississippi.

The report of a special committee having in view the increase of the importance of the synods was laid on the table after a debate of some length.

No Real Sabbath Exists in Alaska. Atlantic City, N. J., May 26.—"Home Missions, Their Work and Needs," was the principal topic at the general assembly of the Presbyterian church, now in session in this city.

The Board of Home Missions, in its report, stated that the total receipts for the year were \$1,108,343.65.

Discussing Alaska, the report says:

"There is really no Sabbath in Alaska, with steamers large and small calling in port, and the lu-

industries and mines running seven days in the week."

The Colleges.

The biggest project yet set before the Presbyterian church was broached in the general assembly in connection with the report of the committee on colleges and the session Tuesday afternoon. It is nothing else than that the church shall raise a fund of fifteen million dollars for the endowment of its colleges, five years to be given to the task. Enthusiasm for this cause ran high, as the importance of the enterprise was presented to the assembly by some of the most eminent college presidents of the country.

Among the speakers were President W. H. Black, of Missouri Valley college, Marshall, Mo., who is well known in Nashville, and President Samuel T. Wilson, of Maryville college, Maryville, Tenn. Probably such a series of strong speeches was never before heard in the assembly in one afternoon.

The temperance committee followed the college ad report and the assembly again placed itself on record as denouncing the prohibition and annihilation of the alcohol.

Much to the surprise of the commissioners themselves the assembly voted by an overwhelming majority to dismiss its committee on reduced representation and abandon the effort to make the assembly smaller. For two years the committee has wrestled with this question and two plans were placed before the assembly, most of the Presbyterians having voted in favor of reduction in some form, but the assembly wiped the whole subject off the slate and if ever accomplished, the movement will have to begin anew.

The question of separating the officers of stated clerk and treasurer was settled by providing that funds should be paid out only on the order of a committee and that all trust funds should be held by a trust company.

The night session was devoted to home missions.

The president of the woman's board reported the most successful year of its history, all indebtedness having been wiped out. Addresses were made by Dr. Holt, representing the Pacific coast, Dr. J. E. Clark, of Nashville, representing the southwest, and the Rev. Francis Higgins, the famous sky pilot. Among the Lumber Jacks of the northwest, Dr. Clark spoke of the great field in the southwest, where only twenty-eight per cent of the population are members of the protestant churches and where new towns are growing up in a night.

42 OPERATORS SECEDE.

Will Grant Demands of Coal Miners in Bellville.

St. Louis, May 26.—Forty-two coal mine operators in the Bellville district at a meeting this afternoon, voted to accept the terms of the striking coal miners in Illinois and to secede from the Illinois Coal Operators' association. It was reported that a committee of five operators would meet a committee of a similar number of miners tomorrow and sign the scale.

## EPISCOPAL STATE

(Continued From Page One.)

first address of the evening was made by the Rev. Charles Lewis Higgs, of Henderson, Ky., who used several illustrations of his own at Henderson to make clear his idea of establishing a curriculum in the Sunday school. "During the past decade," said Dr. Higgs, "there has been a realization of the increasing importance of Sunday schools. The international system marked a great advance in teaching. There has been a great advance with the curriculum idea."

Demonstrating just how the idea of a graded Sunday school is worked out, the Rev. Alonson Q. Bailey, of

Jeffersonville, took up the practical side of the Sunday school. "The graded school, as adopted by the Jeffersonville church," said the speaker, "is based upon the same principles as the public schools. That is, beginning with a kindergarten and going on up to the post-graduate course and the adult bible class. Final examinations are held twice each year, certificates being awarded the pupil passing the test. He said that signals in the school were given not by a bell but by the piano.

In organizing the council J. J. Sanders was elected secretary and solicited as his assistant the Rev. Irving Goddard. When the organization had been completed Bishop Woodcock took up his annual address and report.

Bishop's Address.  
"We are face to face with the two great opportunities of this generation—one the great activity of this age—the enthusiasm for missions—and the other the bringing about of Christian unity. Never since the reformation with its disintegrating effects have the prospects for unity been so encouraging or its necessity so apparent," said Bishop Woodcock, in his annual address, and throughout the entire address the bishop emphasized Christian unity as the keynote of this age, and said that together with missions it formed the great "world opportunity" of the church of Christ in this generation.

In his address, which followed the organization of the convention, Bishop Woodcock reviewed the work of the diocese for the past year, stating that the number of communicants is now 5,700, that nine additions to the clergy were made during the past year, five postulants received and two candidates for holy orders admitted.

At Garnettsville, Uniontown, Pa. and Anchorage, there has been special activity in the building of new parish houses, establishments of missions and other work.

Dudley Endowment Fund.

Referring to the Bishop Dudley Memorial Endowment Fund, which has as its goal the securing of \$100,000 to be known as the Bishop Dudley Memorial Endowment Fund, to be used for the support of the episcopate, Bishop Woodcock stated that it is now six years since the fund was started, and it totals at the present time \$46,150. He emphasized the fact that it is this generation which must complete this fund, and urged that greater interest be evinced in securing the needful sum as a memorial to the memory of the greatly-loved Bishop Dudley.

The Sunday school board is composed of the following: Rev. Charles L. Higgs, Rev. Frank W. Hardy, Rev. John Mockridge, Rev. John S. Lightfoot, R. W. Covington, Miss Jennie E. Glass, Miss Sue Towles, William E. Piche, H. S. Gray, H. A. Maxwell.

The committee on unadvised business is composed of the Rev. Clinton S. Quinn, the Rev. C. L. Price, the Rev. Arthur Gortler, J. C. Lewis, Samuel J. Alves, Gordon L. Curry, Finance committee is composed of J. W. E. Hays, G. A. Newman, A. L. Terry, James Hankin, George P. Walton, H. D. Ormsby, and the mission committee, the Rev. G. C. Abbott, the Rev. Frederick Thompson, the Rev. Irvine Goddard, the Rev. H. S. Munson, J. C. Englehardt, Monroe Burnett, Hunter Wood, Sr., and John C. Hughes.

## WHEE! EVERY TWINGE OF RHEUMATISM GONE

It is not strange that this grand old "cure" is so popular. It is absolutely free from rheumatism, free from every twinge of it; every pain has gone, all the soreness has gone, all the stiffness has gone, the muscles and joints are supple, strong; the swelling has all left and he feels fine. The kidneys are working well again, the bladder, too, is acting properly, is strengthened, and that permits undisturbed sleep at night.

After a few doses of Barkola's Glue rheumatism goes—gone entirely—every single trace of it, and the kidneys get strong and active; the backache disappears almost instantly. The weak bladder that disturbs the rest goes to acting properly, too, and that means good, sound, restful, refreshing sleep.

Order kidneys cause worry, because of the danger of the terrible Bright's disease, but with good, strong, healthy kidneys, there is nothing to cause such a thing. It seems strange that there is any kidney trouble or rheumatism in the world, when they are so easily conquered. Barkola's Glue will stop this trouble almost before you realize it, and you will feel just fine. You can just as well be free as not. Barkola's Glue costs only fifty cents, and anyone who really wants to get well and be happy can afford that, especially as there is no risk. The first few doses will show you, prove to you, convince you beyond all doubt, that good health and freedom from rheumatism and kidney trouble are surely yours.

Just drop in at Gilbert's Drug Store, Fourth and Broadway, or some other good drug store, and get a box, or send fifty cents to the old Fort (Barkola's Glue) Fort Wayne, Ind. Every moment of delay just means that much longer to suffer. Why not start right now, right this minute, to get well?

## Many Women who are Splendid Cooks

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

## New Perfection Wick Blue Flame Oil Cook-stove

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There's no dexterity connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till the fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and even a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 2, 3, and 4 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

## A GREAT RECORD

MADE BY REO IN 408 MILE COMPETITIVE RUN.

One of Five of Nineteen Entrants to Run in the Grueling Test.

The following telegram from New York is of interest to Paducah auto enthusiasts because the model Reo that made such a good record is the same as the three owned in Paducah—F. N. Gardner's Clarence Sherrill's and Roy McKinney's. Mr. McKinney is the agent for Western Kentucky.

New York, May 27, 1910.

A telegram received by the R. M. Owen company, general sales agents, discloses a greater defection in the ranks of entrants of the 408-mile Richmond-Washington endurance run than was at first reported. It develops that of the 33 original nominations, for various reasons, 14 of the entrants failed to show up at the start and only five of the 19 contestants finished with perfect scores, one of which was the Reo "4-30" driven by F. E. Nichols, of Richmond. In commenting on his brilliant victory Mr. Nichols says: "I won a silver cup in this contest with a perfect score. I used my Model 'R' Reo for this run, which had already covered 6,500 miles without repairs or replacements of any kind, and she went through like a thoroughbred. The road conditions were so bad that we absolutely ruined a new set of standard tires, put on the day before we started, but the Reo made the force route in good shape and when we were officially checked out at the finish our engine was running like a Swiss watch. The technical committee examined the Reo very carefully and declared it physically perfect." The \$1,250 Reo defeated 14 of the starters, among which were three cars in the \$2,000 class; two in the \$3,000 class, and one in the \$5,000 class. This is the same model Reo as the famous "Reo Challenger," which finished perfect in the last class, 1,100-miles New York-Atlanta reliability contest.

The following summary giving the official score of 11 of the 14 cars which the Reo defeated in the above run from the Motor World, May 12, 1910:

| Car            | Price   | Points        |

| Reo            | \$1,250 | Perfect score |
| Stevens Duryea | 4,000   | Imperfect     |

PRIMA DONNA SEEKS DIVORCE.

Charge Against Spouse Involves Gay Female and a Dog.

Elgin, Ill., May 26.—Mrs. Mary Van Thusen, separated at St. Charles Ill., where she has made her home the last two years and said to be a noted prima donna of American and European fame, secured a divorce in the Kane county circuit court today from Charles Van Thusen, who is also said to be well known in theatrical circles.

Charges of cruelty and infidelity were made. Witnesses were Mr. and Mrs. C. H. Coughlin, with whom she made her home. They declined to disclose the professional identity of Mrs. Van Thusen.

Her principal charge was that while in Indiana three winters ago she was walking through a park leading a Japanese spaniel when a "gay female" passed by and called her dog by name. She declared that she engaged the woman in conversation and that she told her that the owner of the dog was an intimate friend of hers.

She followed the woman to her home and called that evening, finding her husband there.

320 BALES OF COTTON BURN.

Was Being Shipped By Patten to Foreign Spinners.

New York, May 26.—Three hundred and twenty bales of cotton consigned by James A. Patten to spinners abroad, burned in the hold of the North German Lloyd liner Prinz Friedrich Wilhelm at a pier at Hoboken. The vessel was slightly injured. The blaze was extinguished by partly flooding the hold. The fire started by crossed wires. Sixteen firemen were overcome by the dense smoke.

FORTY SALOONS REOPEN.

But They Must Be "Model," or As Will Fall.

Rockford, Ill., May 26.—After being "dry" for a year, forty "model" saloons were licensed to begin business in Rockford yesterday.

The new ordinance regulating the traffic contains several novel features, including the prohibition of treating.

It is also unlawful for a saloon keeper to have a chair or a free lunch counter in his place.

No man can love the oppressed weak who does not hate the strong oppressor.

## MISS GALE, OF NEW YORK

### Demonstrating Adjusto Corsets

THE Adjusto affords the only safe, practical and hygienic method of reducing the abdomen and hips. This is done by the Adjusto bands, shown in the illustration. The ADJUSTO has many times proven itself to be of inestimable value, not only as a reducing corset but as a perfect abdominal support. Then, too, with the aid of the improved reducing bands and supporter loops, the corset skirt is held down smooth, flat and uniformly reducing the hips and upper limbs.

Miss Gale will be here for a few days only and you had best make an appointment without delay. Her suggestions will prove of great value to the woman desiring corset comfort.

## HIS EAR TORN

LITTLE BOY'S HEAD CAUGHT UNDER WHEEL.

Big Farm Mower Passes Over Head of Little Horace Williams.

Little Horace Williams, the seven-year-old son of Mr. and Mrs. Duke Williams, 504 North Sixteenth street, had a narrow escape from serious injuries yesterday afternoon when he was run over by a mower.

The lad was returning from the Washington school when he hopped on the tongue of the mower, which was attached to a farm wagon. He fell from the tongue, and before the horses were stopped one wheel passed over his head. His left ear was almost torn off, while his head and body were bruised. The injuries were dressed by Dr. L. E. Young, and today the little fellow was resting easy.

Washington, May 26.—An increase in both the total exports of merchandise and total imports into the United States during the first ten months of the current fiscal year, compared with the corresponding period of the preceding year, is shown by the figures prepared by the bureau of statistics. Similar increases in the total exports and imports are shown for the month of April, 1910, compared with April, 1909.

The merchandise exports increased in the ten month period from \$1,422,258,737 to \$1,486,000,170, and imports from \$1,071,194,560 to \$1,318,264,373, while in April the increases in exports were from \$125,171,860 to \$133,097,373, and in imports from \$122,167,675 to \$133,947,818.

## MANCHURIAN RAILROAD

Is Only Subject Now Embroiled in Projected Conference.

St. Petersburg, May 26.—The projected Russo-Japanese conference on the far eastern affairs has narrowed until it now embraces only the question of the Manchurian railroad. The status of Korea and the future of that kingdom is not involved in the present situation. The exchanges, however, served to develop something of Japan's intentions regarding Korea. The indications are that annexation is not contemplated, but rather that Korean officials will be replaced by Japanese.

## PAYNE IS COMMENDED.

Hosiery and Underwear Manufacturers Praise Tariff.

Philadelphia, May 26.—At the session of the National Association of Hosiery and Underwear Manufacturers a resolution was adopted commending Representative Payne, of New York, for his tariff work in the house. It declared that Payne, and Representative Fordney, of Michigan, had given the committee of the association much encouragement. A paper on "Strike Insurance," prepared by Frederick T. Fritchton, of West Virginia, declared that in the last thirty years the loss in manufacturers through strike has been \$159,000,000.
